Second Climber / Arborist / Tree Surgeon

Description

The Second Climber supports the Lead Climber and the team in performing tree work, maintenance, and removal tasks. This role involves assisting in climbing operations, ensuring the safety and efficiency of tree work, and performing ground duties as required. The Second Climber must have a solid understanding of tree care practices, climbing techniques, and equipment handling and adhere to the instructions and duties given by the on-site Lead Climber and Supervisor.

Responsibilities

Tree Climbing and Maintenance:

- Assist the Lead Climber in tree climbing operations for pruning, shaping, and removal of trees.
- Perform secondary climbing tasks such as setting lines, rigging branches, and assisting with complex cuts.
- Conduct basic tree health assessments and apply appropriate care techniques.
- To work as part of a team and assist in undertaking a full range of tree work including pruning, felling, shaping, planting of trees, stump grinding etc using full safety and climbing equipment and to BS3998:2010 or current standards.
- Undertake tree works outside normal working hours as and when required in response to out-of-hours emergency call-outs.

Ground Support:

- Provide ground support during tree climbing operations, including managing rigging lines and equipment.
- Assist in the setup and dismantling of rigging systems and climbing gear.
- Perform debris removal, chipping, and site clean-up after tree work is completed.

Safety and Compliance:

- Adhere to all safety protocols and ensure personal and team compliance with industry standards and company policies.
- Use personal protective equipment (PPE) at all times while on the job.
- Assist in conducting pre-job safety briefings and risk assessments.
- To read, and sign the site-specific risk assessment for each job.
- Responsible for undertaking arboricultural works following legislation, especially concerning working on or close to the highway.
- Put out and collect all road signs following Chapter 8 of the Highways Act.
- Ensuring that all work is carried out safely and conscientiously.
